

## Antenatal classes

We offer a warm, welcoming forum in which to address your concerns about pregnancy, labour, birth and early parenting. Moreover, our antenatal classes provide the opportunity for you to meet other expectant parents in similar circumstances and to have some fun while learning.

We have done away with the long six week evening courses, we found a need to still do the same work load but split it over two sessions. You do not have to do both sessions, they are run separately – so if you only want birthing classes or only want baby classes – then you can do just one or the other or both.... tailored to your needs.

## Belly to birth classes

This is usually run on the 2nd Saturday of the month

The times are from 10am – 3pm

Teacher is Gayle Friedman (a well-respected doula, massage therapist and yoga teacher and owner of Sunshine Health Academy)

### Class outline:

Gayle will discuss:

- Stages of labour
- Hormones
- How to cope with contractions without medication
- Medication on offer if needed
- Caesars
- Epidurals...and much more

If you are interested you can contact Gayle Friedman on [gaylesuefriedman@gmail.com](mailto:gaylesuefriedman@gmail.com) or 082 958 4801

## Baby and beyond

These are usually run on Tuesday afternoons

The times are 1pm – 2:30pm

Teacher is Conny Fraser ( a well-respected clinic sister whose passion lies in babies and baby health and the owner of Baby Grow Clinic )

### Class Outline

Parents are predominately focussed on the birth, as they should be, so we have decided to reduce the duration of the Baby and Beyond class. We will cover the essentials ie: Breastfeeding, bathing, changing a nappy and clinic visits - everything else will be discussed in your weekly clinic check ups. You are also welcome to follow the Baby Grow Clinic instagram page where snippets of baby info will be posted under IGTV.

If you are interested you can contact Conny Fraser on [conny@babygrowclinic.com](mailto:conny@babygrowclinic.com) or 084 298 4464

## Booking

Pre-booking is essential. Space is limited so it's best to plan ahead.
